

MILWAUKIE

Dogwood City of the West

To: Design and Landmarks Committee
From: Li Alligood, Assistant Planner and DLC Liaison
Date: December 1, 2009
Subject: Preparation for December 9, 2009, Meeting

Greetings! We will be in the **Conference Room at City Hall** for next Wednesday's meeting at **6:30 p.m.** Please note the temporary change in location. The agenda is enclosed (see Enclosure 1).

Riverfront Park Meeting

At its November 9, 2009, meeting the DLC reviewed the Riverfront Park design and voted to recommend approval of the design to the Planning Commission. Since this was the first of several upcoming design reviews, we will take a few moments during this meeting to debrief about the hearing; staff would like your feedback about what worked well and what could work better, and we will have some feedback to help you prepare for your next application review.

Historic Photo Project

Patty Wisner has been working to finish up the Historic Photo Project by the end of February 2010. Various DLC members are taking pictures to fill in the gaps in the photo slide show. I will be presenting a draft of the "Basic Version" of the historic photo slide show at the meeting; Patty is hard at work on the "Deluxe Version" of the slide show and may request some assistance for the next stages. Thanks, Patty and DLCers, for all of your hard work on this project!

Portland-to-Milwaukie Light Rail

The Portland-to-Milwaukie Light Rail project will include a new set of tracks, several street crossings, one station, and a new bridge in downtown. The project is approaching 25% design, and staff has been working hard to ensure that the project is designed to Milwaukie's high standards. One of the ways the City will ensure this outcome is to take some aspects of the project through Design Review with the DLC. During this meeting, Kenny Asher, Community Development and Public Works Director, will come to talk informally with the committee about the project, key aspects of its design, and the DLC's role in its review. In early 2010 staff will organize a joint meeting of the DLC and Planning Commission to begin preparing for permitting the project.

Let me know if you have any questions. See you next Wednesday at 6:30 p.m.!
